INFORMATION

Lightmain offer a one-stop solution for the design and manufacture of our skate parks. We use fast and super strong, professional grade SkatelitePro which is the supreme riding surface for outdoor skateparks. The solid material withstands the constant punishment inflicted by determined riders. Our framework is constructed using the highest quality british steel and then hot dipped galvanised, to ensure longevity and structural integrity over time.

Single Bay Dimensions:

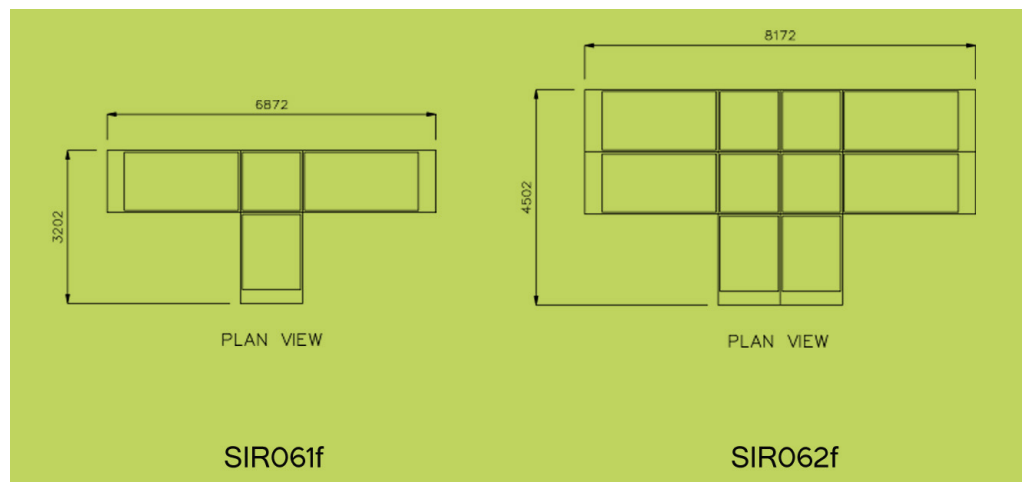

6872mm length

1905mm height

Double Bay Dimensions:

6872mm length

3205mm height
